### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Page 4, line 2, the comma has been changed to a period.

Page 7, line 7, "provid3ed" has been changed to --provided--.

Page 12, line 10, "124" second occurrence has been changed to --122--.

Page 12, line 26, "200" has been deleted.

Page 12, line 27, --200-- has been added after "cable" first occurrence.

2. The following is an examiner's statement of reasons for allowance: the prior art fails to show or render obvious in a cable take-up device as set forth in the independent claims, the provision of a rotatable spool end wall rotatably affixed to, mounted or situated on the first spool end, and a cable guide that rotates with the rotatable end wall and translates along a path parallel to the spool axis (or translates the guide along the track as recited in claims 17 and 25) during such rotation. While the Perry device includes a rotatable end wall and cable guide that rotates with the end wall, such guide is not translatable. Some of the other prior art devices have translatable and orbital cable guides that function to place the cable on a stationary drum. However none of these mechanisms are associated with a rotatable end wall. Absent applicant's

disclosure there would have been no reason to modify any of the prior art references, nor would it have been obvious how such modifications would be made, to meet the claimed subject matter.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to John M. Jillions whose telephone number is (703) 308-2685. The examiner can normally be reached on M-F 9:15 - 5:45.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Kathy Matecki can be reached on (703) 308-2688. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
